Yesterday, today, tomorrow . . .

Together

The time of our lives

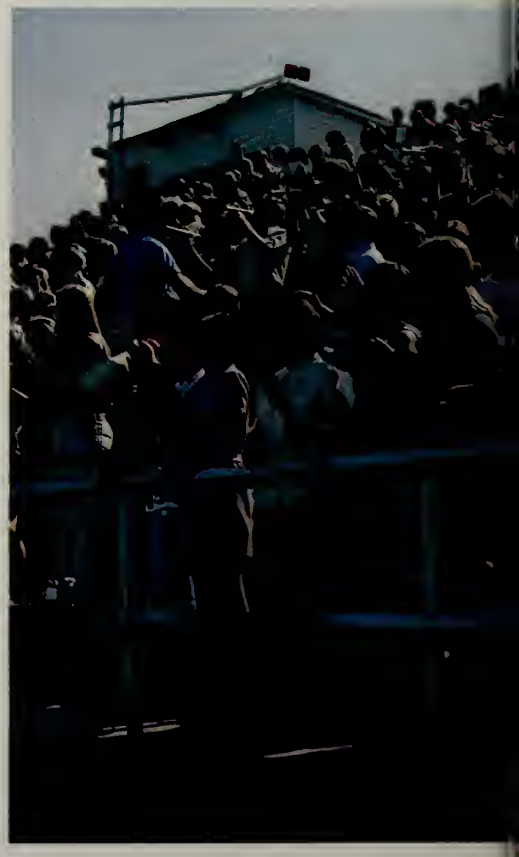
Is forever.

The mystery of our lives

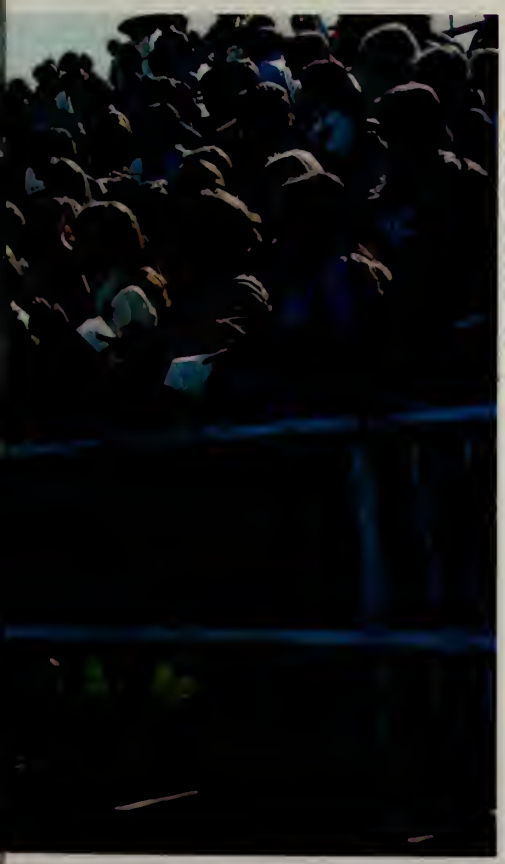
Brought us here

To share

The trivial, the momentous.



Reflected by our dedication
To enthusiasm or passiveness,
We participate or watch,
Caught in the whimsy of time.



A mood is transient,

A gentle breeze

To blow away

But come again.

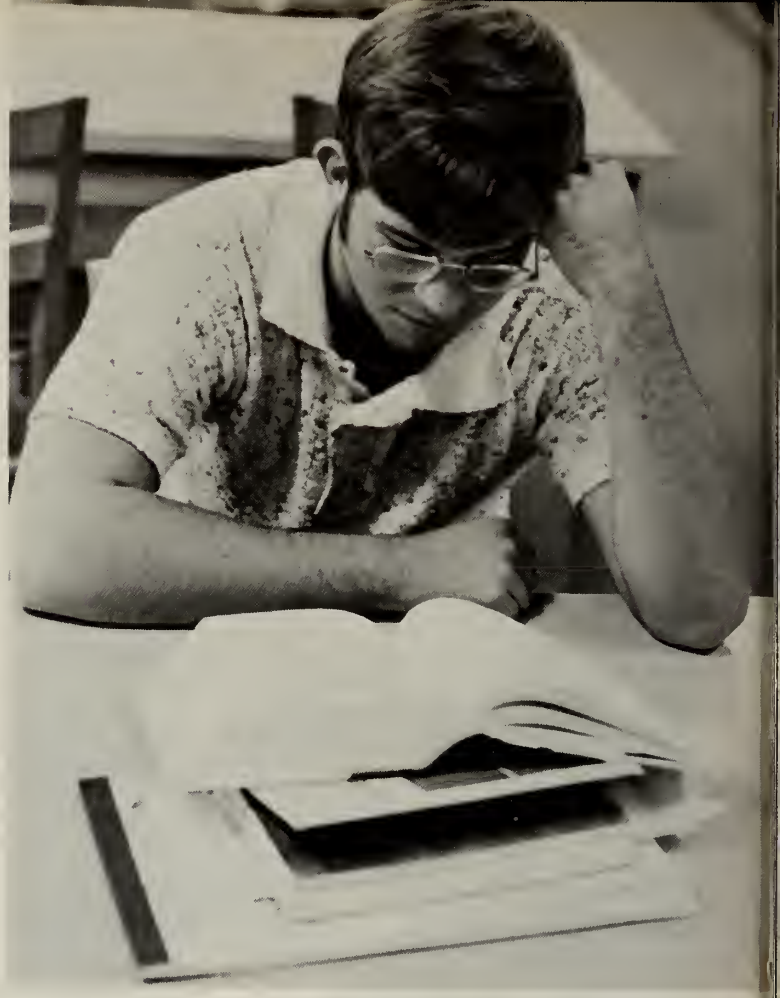
Beguiled with reality,

The joy of little things

Is an interlude

In the time of our lives



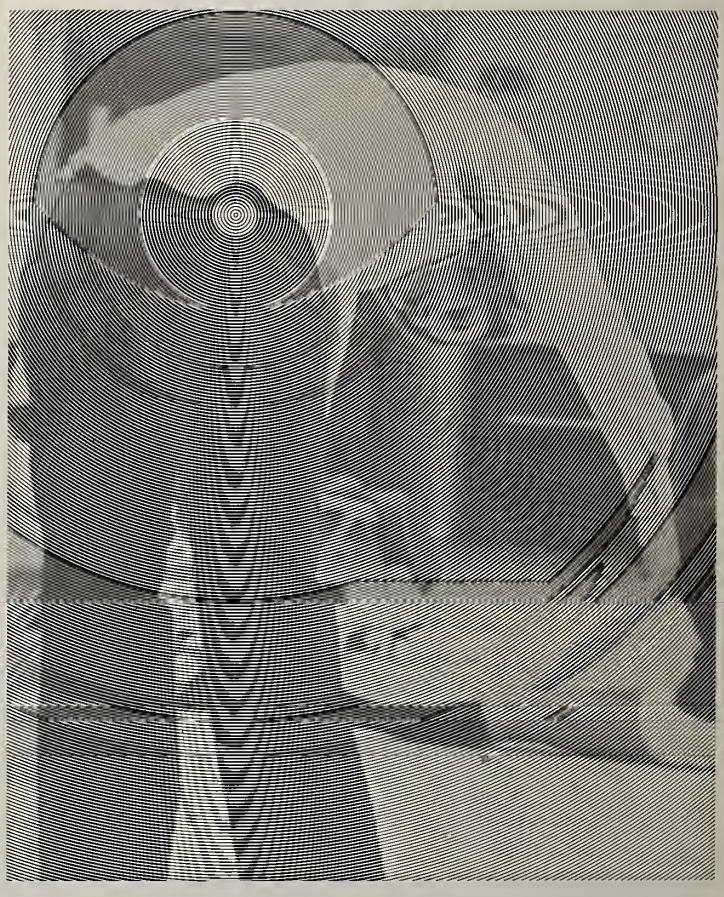
Our vision of the future
Distorted by the present,
We search for
Wisdom of our own.

Often impatient,

Sometimes Aimless,

We are propelled

To grasp the future.

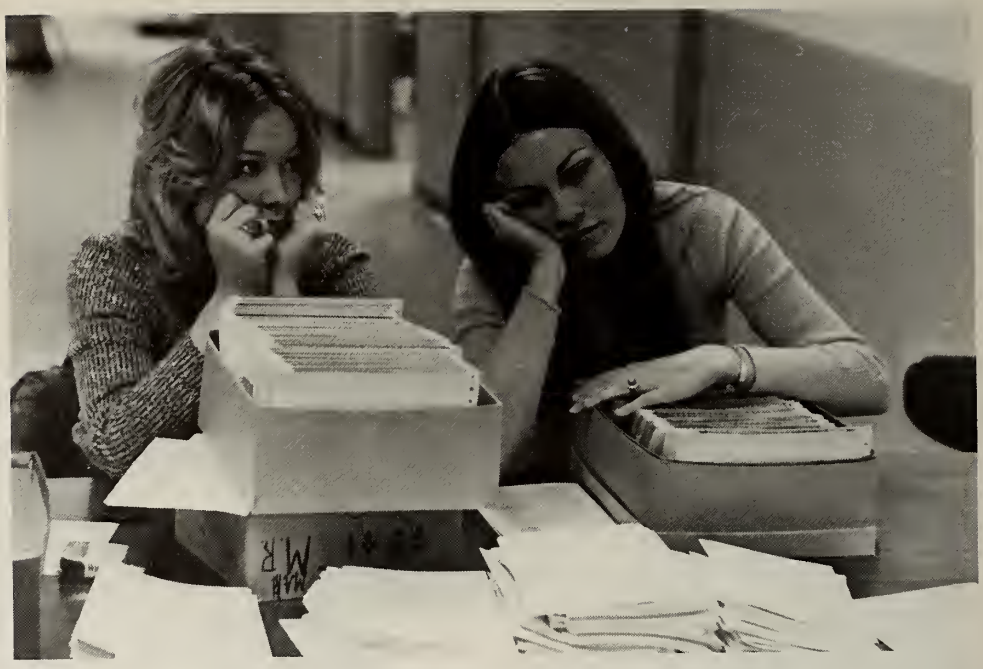


We struggle

With fragments

To blend them together

Intact, complete, whole.



Unruly our spirits,

Persistently they waver

Between lofty exhilaration

And dreary depression.

Meaningful or absurd,

Symbols of the present,

These are signs

Of the time of our lives!

Homecoming 1971

Homecoming, November 6, 1971, was different! An uninvited and unwelcome guest was the cold driving rain. Quick shifts in plans permitted the various events to be held but not exactly according to schedule. The coronation ceremony, to be on the Administration Building steps, was in the lobby of the Student Personnel Division. The parade was Monday, two days late, and with one band instead of six. Muchly dampened visitors attended the open house in Radio Station WNJC-FM, and the Alumni Association banquet and annual meeting. The rain went away before the ballgame, but it was cold! and Copiah-Lincoln, whom we were going to 'do-in', edged the Rangers 3-0. The dance climaxed the whole affair, and it was good. It was one of those days of our lives . . .

Organizations

Student Government Association

The well-organized and active Student Government Association plans, directs, and correlates activities for all Northwest students to be involved in the college program. Heading the association is the Executive Council elected by the students. The Council assumes the responsibility for the execution of the SGA constitution and is the liaison with the administration of the college. Their projects are aimed to the betterment of student life.

Senate

The Student Government Association Senate is the legislative branch of the S.G.A. The Senate is comprised of chartered campus organization officials (one per organization), class vice presidents, faculty club representatives (non-voting advisors), assistants to the president, and the president elected at large.

The Senate is the first of four channels for student legislation. Student bills are introduced discussed, and vote taken. Upon passage, bills are sent to the S.G.A. Executive Council for further action. Resolutions, at the discretion of the Senate, may be forwarded to the Executive Council to be used for individual purposes.

The Senate takes interest in student and community affairs. It often holds committee investigations concerning campus affairs. The Northwest Christmas Project was sponsored by the Senate. From this community project, food, clothing, and toys were distributed to deprived families.

A unique factor of the Senate is that of maintaining an open policy to all students and faculty. Any person obtaining the floor from the president, may address the chamber to inform, inquire, or opinionize on any issue. By using the proper channels of the legislative processes through the Senate, student legislation receives the highest consideration from the administrative branches.

A major project of the Northwest Players is the production of dramas of all types. Among the presentations this year was the all-campus musical, 'Li'l Abner', produced in November.

The purpose of the organization is to give anyone interested in theatre, either as an amateur or as a professional actor, an opportunity to develop his talents in all areas of dramatics. The club also attempts to create interest in the theatre among the students, faculty and staff, and the public.

Members of the Northwest Players are *(above, l. to r.) Science Club

Besides hearing during the year outstanding professors of science, especially those from the University of Mississippi and the University of Southern Mississippi, Science Club members have had a field trip to a scientifically based industry in the area. The programs have been directed toward fulfilling a major objective, to give members a better understanding and appreciation of science. Membership is open to all students currently enrolled in a science course.

Cheerleaders

To the eight colorful and enthusiastic cheerleaders may be attributed a large share of the spirit that has been evident to 'boost the Rangers' in intercollegiate contests. The hard-working squad has promoted winning seasons for the teams through their leadership at games and pep rallies, their attractive signs and posters preceding and at the games, and their general ballyhoo. Their pep not confined to the home games alone, the group has traveled long miles with the teams to give them support for away games.

The 1971-1972 cheerleaders are *(beginning bottom left, clockwise)* Carol Lammey, JoAnn Hobbs, Debra Meers, Jane Bowden, Debbie Montgomery, *capt.*, Gina Robbins, Mimi Vickery, and Debra Person.

Baptist Student Union

A special continuing project of membership of Baptist Student Union, largest denominational organization on campus, is the daily Noonday Devotional, a service for all students in McLendon Center. The Union provides inspiration, information, and fellowship for students through the devotional, the weekly Bible study, programs in the churches of the area, and various recreational activities, such as picnics at Sardis Lake.

A major aim of Wesley is to provide spiritual guidance through group discussions and programs on varied topics which are of interest to the student. Wesley Foundation enables the student to have Christian fellowship with others while at Northwest and provides an atmosphere in which the student's Christian faith can mature. Wesley Foundation at Northwest relates its work with the First United Methodist Church in Senatobia and with the Sardis District of the North Mississippi Conference.

Phi Mu Alpha Sinfonia

Chartered in 1963, Northwest's Lambda Rho Chapter is one of only two junior college chapters of the men's music fraternity in the Nation. It was the first one to be chartered. Purposes of Sinfonia are to advance an interest in music in America, to foster the mutual welfare and brotherhood of students of music, to develop true fraternal spirit among members, and to encourage loyalty to the Alma Mater.

Music Educators National Conference

The Northwest student chapter of Music Educators National Conference provides an opportunity for professional development for students in music, especially in music education. Membership is also open to interested non-music majors. Among the fund-raising projects of the organization was 'Rosita's Little Italy', a spaghetti supper complete with musical entertainment by MENC members. The club has also supported commissions, conventions, in-service training, and musical and sociological dialogue to promote an interest in music.

Northwest Marching Band and Northwest Misses

The Northwest Ranger Marching Band and the Northwest Misses were distinctly honored in November by being asked to be the only performers in a pre-game and halftime show at the first annual Mississippi Junior College All-Star Football Classic in Tupelo and were highly commended for their performances. The band with the two talented featurettes and Misses have been outstanding in the halftime shows at Northwest ball games and in parades in the District. Just as important has been the members' contributions to 'boosting the Rangers' during the games.

A Dozen Plus Three

The even dozen vocalists and three instrumentalists of A Dozen plus Three have built an outstanding reputation for entertainment both within and beyond the confines of the Northwest District. The group has performed concerts for several off-campus groups meeting on the campus; for conventions, schools, and civic groups away from the campus; and had the annual concert in the Auditorium. The colorful show company was selected by audition from students seeking membership.

The Northwest Singers

Beginning the year's activities with a concert at a State Convention at Mississippi State University, the 40-member vocal group has entertained numerous audiences during the year. The Singers is open to any student who likes to sing. The organization aims to develop talent and a cultural knowledge of music in both the student who is a member, other students, and the public.

Facts and Figures Prove Rangers' Strength

The Northwest Rangers came out more of a winner than the season's record of five wins and five losses shows. The 74-18 victory over Itawamba and the 75-21 victory over Northeast helped to put Northwest at the top of the league in most points scored. Four of Northwest's players participated in the Mississippi North-South Junior College All-Star Game. The North won by a score of 20-6, with Tym Nelson of Senatobia receiving the best offensive back trophy. The Mississippi Junior College Association chose four Rangers as All-State Players. Again proving the strength of the Northwest Rangers is the fact that Northwest was the only team in the State to place in the top twenty in the Nation. Nationwide, Northwest placed eighth in rushing, tenth in total offense, and Northwest's place-kicker Vic Nickels was tenth in kicking.

Cagers Sweep Conference Title, Finish 25-5

Northwest chalked up the best year in history in basketball in 1971-1972.

The Rangers' most outstanding achievement was an undefeated record (16-0) in Mississippi Junior College Conference play, climaxed by the North Division title and the first league championship in the history of the school. Northwest then took the second championship in five days with a first-place finish in the first state of Mississippi tournament held at Northwest to determine the four teams for the National Junior College Athletic Association Region VII tournament at Northeast.

Carrying an 18-4 overall record into the North Division tournament at Holmes Junior College in Goodman, the Rangers destroyed Holmes 84-66 and Itawamba 69-56 to win the event and earn the number one seed from the North in the overall playoffs.

Defending champion Hinds Junior College was an 84-78 victim on its home floor in the Rangers' first game of the state tournament, and Copiah-Lincoln was outclassed 103-82 in the championship game the following night. The four tournament victories brought the team's overall record to 22-4, best in coach Henry B. Koon's seven years at the helm, and also left the Rangers as the only team in league history to complete its 16-game schedule undefeated.

Enroute to the Region VII qualification tournament championship and the top-seeded position from Mississippi, the Rangers downed Mississippi Delta 113-79 and Utica 94-89 before claiming a forfeit victory in the finals over Coahoma, declared ineligible because of an ineligible player on the squad. The Rangers were eliminated in the regional event by Martin College, Pulaski, Tenn., 84-71.

For the record, Northwest took three games each from Itawamba (72-60, 69-56, 79-66) and Holmes (58-39, 60-45, 84-66); and two each from Mississippi Delta (109-83, 95-74), Phillips County (Ark.) Community College (116-114 in two overtimes, 113-90), East Mississippi (102-82, 2-0 in a forfeit), East Central (92-63, 120-74), Northeast (83-71, 84-72). The Rangers split two-game series with Dyersburg (Tenn.) State Community College (108-88, 73-74), the Ole Miss freshmen (65-77, 83-69), Jackson (Tenn.) State Community College (100-86, 77-119), and the Arkansas State University freshmen (86-77, 80-81).

Personnel-wise, the club added a second coach in the person of Cecil Williams, a Mississippi College graduate who played at Northwest during the 1966-67 and 1967-68 seasons and earned All-State honors in his sophomore year. The team roster included only two sophomores, 6-2 forward Willie Brown and 6-1 guard Wilbert Beard, both of whom were All-State choices their freshman year. The remainder of the club was made up of 11 freshmen, including the other three starters: 6-8 forward Hollis Miller, 6-7½ center Eddie Thomas and 6-2 guard Mike Boone.

Following the state championship tournament at Hinds, Miller was named to the All-State first team for 1971-1972. Beard made the second team, and Brown and Thomas rated honorable mention.

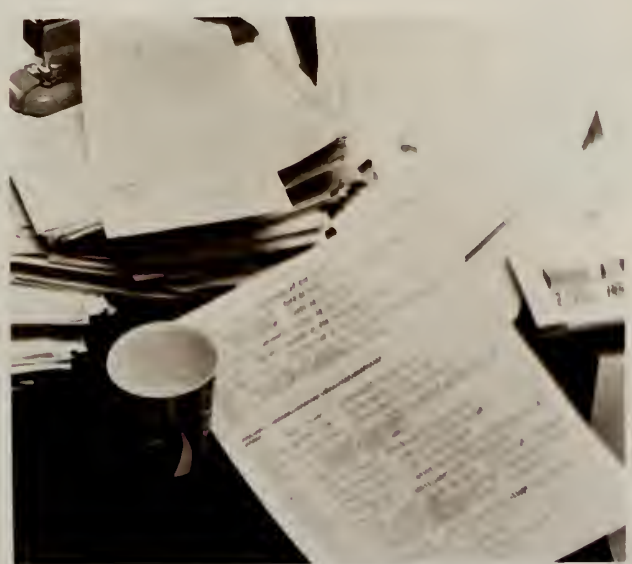
Administration and Faculty



Trustees

The guidance of a dedicated Board of Trustees has been a deciding factor in the growth of Northwest from one of the smallest junior colleges in the state to one of the four largest in enrollment, physical facilities, and influence. The support of the Board has always been one in the interest of progress and development for the youth and adults of the District.

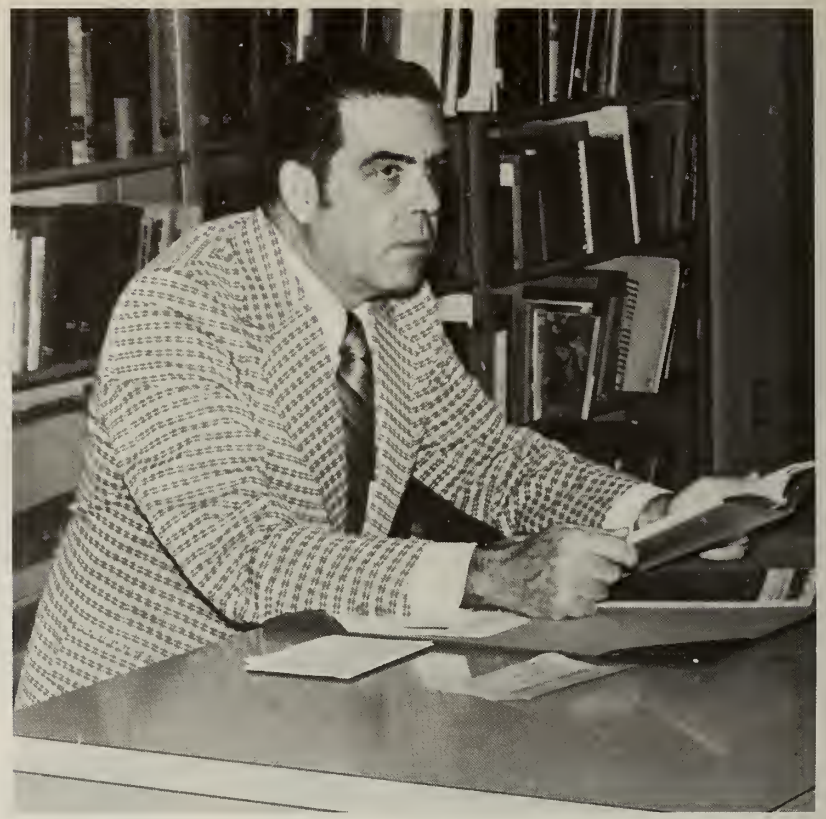
R. D. McLendon President

Years of service and dedication have not lessened the enthusiasm for Northwest nor the interest in each student who attends by President R. D. McLendon. In his nineteenth year as administrator, he is planning for an ever greater development of the college "to serve the needs of the people of the area." Whether leading a cheer at a pep rally or working for funds for a multi-million dollar expansion of facilities, 'Mr. Mac' can be counted on for spirited leadership. Working with him and with loyalty to the college is 'Mrs. Mac,' who also attends to making the campus an attractive sight for all.

Reese D. McLendon *(top)* has been chief administrator of Northwest since 1953. Shown with President McLendon *(l. and again r.)* is his wife, Corinne H. McLendon, who serves not only in an official capacity as the president's spouse but also as director of landscaping.



Administrative Committee

The Administrative Committee works directly with President McLendon in concern for every facet of the student's college experience. Consideration is given for everything from permitting students to have refrigerators in their rooms to the construction of multi-million dollar buildings, all with the best welfare of students as the prime purpose. The committee represents the academic, financial, personal, and public aspects of the college.

The Administrative Committee includes *(opposite page)* James P. McCormick, dean of the college; Mrs. Mildred S. Meacham, director of public relations; *(this page)* Dr. June S. Gardner, dean of student personnel; A. G. Welch, business manager.

Administrative Staff

The business of the administrative staff is greater than ever before, handling the admission and permanent records and the financial records of the largest number ever enrolled at Northwest. The college staff is also involved with a growing community services program, including the largest number of off-campus registrants in adult education courses.

On the Administrative Staff are *(top right)* Mrs. Sue Burks, assistant registrar, *(center)* Jack Butts, registrar; *(bottom right)* Kenneth N. Brigham, assistant business manager; *(bottom left)* Edgar Boggan, coordinator of community services.

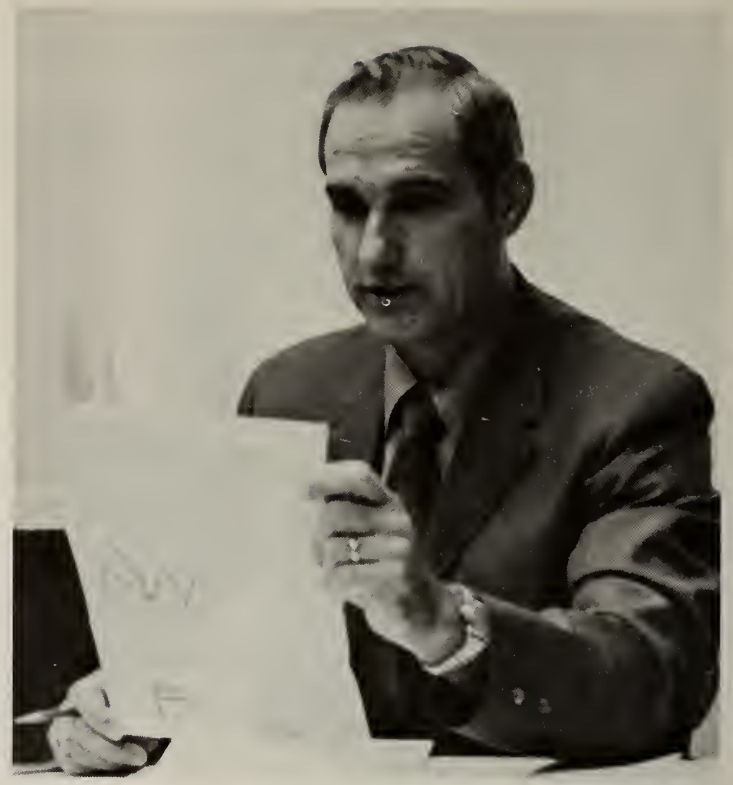
Student Personnel Division

The personal accomplishment, comfort, and satisfaction of the individual student is the concern of the Student Personnel Division. Student experience in all forms comes either directly or indirectly under its jurisdiction. The Financial Aids program has this year accounted for about $300,000 in assistance to students needing and deserving financial aid in attending Northwest.

Among the Student Personnel staff are *(top)* Donald Eure, dean of men; *(second row)* Mrs. Linda Jackson, dean of women; Henry B. Koon, director of financial aids.

Student Personnel

The Student Personnel Division emcompasses the serious and the fun side of student life. Complete guidance and counseling services are provided for those needing personal or academic advice. The union program, centered in McLendon Center, provides outlets for the energies and interests of students outside the classroom.



The Student Personnel staff includes *(l. to r.) (top row)* Mrs. Cathryn Hyde, guidance; Price Darby, director of guidance; *(second row)* Walter G. Stigler, guidance; William E. Shelton, director of student union; *(lower left)* Cecil Williams, assistant to the director of financial aids.

R. C. Pugh Library

Near 17,000 volumes are housed in the R. C. Pugh Library for both research and entertainment. One hundred and thirty-eight periodicals and a variety of newspapers are under subscription for current information. The dial access system is utilized increasingly by students on requirement of instructors and for pleasure listening. An atmosphere conducive for study is created by the carpeted main rooms, the attractive lounge, and individual and group carrels.

The Library staff includes *(top)* Mrs. Josephine Gully; *(second row) (l. to r.)* Mrs. Pauline Perkins, and Mrs. Betty McCollough.

Communications Department

The new Communications Department brings together the several areas of educational media, including instruction in radio, television, and journalism, educational audio and visual aids, such as closed circuit television, and the college's new Radio Station WNJC-FM. On the air since January 1971, the station has broadcast throughout the district a variety program of interest to the public as well as the college citizenship. It is also used as a laboratory for students majoring in broadcasting. The faculty is utilizing audio-visual means for supplementing classroom instruction.

Now Wasn't It
a Time of Your Life?

In Memory of Sandra Ivy

After a day of cloud and wind and rain
Sometimes the setting sun breaks out again,
  And, touching all the darksome woods with light,
Smiles on the fields, until they laugh and sing,
Then like a ruby from the horizon's ring,
  Drops down into the night.

—Longfellow

The 1972 ROCKETEER has been completed. The staff has been great. I would especially like to thank Mrs. Mildred Meacham, our advisor, and her secretary, Mrs. Diane Sanders, for their constant help and advice.

In the pages of this book, I hope you can find some enjoyment, some reflection, of the days of your life at Northwest.

A yearbook stores memories. Years from now, the 1972 ROCKETEER should remind you of this school year. To you it might have been the year the dress code was changed, the first year you got to vote, the year the basketball team won the State championship, or the year we had a cold, rainy Homecoming. Or maybe it was the year that you fell in love with that special someone. Whatever the reason, I hope the ROCKETEER brings you fond memories!

Sincerely,

Catherine Pope
